

SUNDAY 14 OCTOBER

3.00pm-6.00pm Registration Open - Melbourne Convention Centre, Foyer Plenary 3

9.00am-5.00pm IUSTI EXCO Meeting
Melbourne Convention Centre

Room: Hospitality Suites, Exhibition Hall Bays 13-14, Room 4.201 - 4.204

6.30pm-10.00pm IUSTI Board Dinner and Sexual Health Conference Convenors Dinner

MONDAY 15 OCTOBER

7.00am	Registration - Melbourne Convention Centre, Foyer Plenary 3		
8.30am–10.00am	13th IUSTI World Congress and 2012 Australasian Sexual Health Conference: Opening Ceremony sponsored by the Department of Health and Ageing		
	Room: Plenary 3, Door 4 Lower Ground Chairs: Richard Hillman and David Lewis		
8.35am–8.40am	Welcome to Country Colin Hunter, Wurundjeri Tribe Council		
8.40am–8.45am	Introduction by Conference Convenor Professor Christopher Fairley, Professor, Sexual Health, University of Melbourne; Director, Melbourne Sexual Health Centre, Melbourne, VIC, Australia		
8.45am–8.52am	Introduction by IUSTI Representative Dr Raj Patel, President- IUSTI, Genito Urinary Medicine, The Royal South Hants Hospital, England		
8.52am–9.00am	Welcome to the Conference and Introduction of the Gollow Lecturer Professor Richard Hillman, President, Australasian Chapter of Sexual Health Medicine, Sydney, NSW, Australia		
9.00am–10.00am	Gollow Lecture: ‘Will Herpes ever be curable?’ A review of the problems , the science and the reasons for study failure (but always adding more to our knowledge) Dr Raj Patel, President- IUSTI, Genito Urinary Medicine, The Royal South Hants Hospital, England.		
10.00am–10.30am	Morning Tea in Exhibition and Poster Area Exhibition Hall, Bays 13 - 14		
10.30am–12.00pm	13th IUSTI World Congress and 2012 Australasian Sexual Health Conference: Plenary 1 Room: Plenary 3, Door 4 Lower Ground Chairs: Janet Wilson and Hunter Handsfield		
10.30am–11.00am	What are the essential and effective approaches to STI control? Professor King Holmes, Chair, Global Health, Professor, Department of Medicine, Professor, Global Health, Adjunct Professor, Epidemiology, School of Public Health, University of Washington, USA		
11.00am–11.30am	Networks and STI Professor Sevgi Aral, Clinical Professor, University of Washington School of Medicine, Associate Director for Science, Division of STD Prevention, Centers for Disease Control and Prevention (CDC), USA		
11.30am–12.00pm	What’s required to make a difference - the need to upscale strategies to address sexually transmitted infections in Australian Aboriginal and Torres Strait Island communities Mr James Ward, Deputy Director, Baker Institute, NT, Australia		
12.00pm–1.00pm	Lunch in Exhibition and Poster Area Exhibition Hall, Bays 13 - 14		
12.00pm–1.30pm	Chapter Education Committee Meeting - Hospitality Suites, Exhibition Hall Bays 13-14, Room 4.201 - 4.203		
12.15pm–1.15pm	Satellite Session - American Social Health Association and the American STD Association: New Molecular Diagnostic Assays for HPV and <i>Trichomonas vaginalis</i> Room 219 and 220	12.15pm–1.15pm	Satellite Session: The first NHMRC Program Grant on sexually transmissible infections: A progress report to stakeholders at the halfway mark - Room 212
12.15pm–12.35pm	Trichomonis Vaginalis Infection: Time for a Diagnostic Paradigm Shift Professor Charlotte Gaydos, Division of Infectious Diseases, Johns Hopkins University, Baltimore, Maryland, USA	12.15pm–12.20pm	Introduction Professor John Kaldor, Public Health Interventions Research Group, The Kirby Institute, Sydney, NSW, Australia

MONDAY 15 OCTOBER

12.35pm-12.55pm	A Review of Trichomonas vaginalis Prevalence in Routine Diagnostic Samples using the Gen-Probe APTIMA Assay Dr Michael Leung, Head, Department of Microbiology, Western Diagnostic Pathology, WA, Australia	12.20pm-12.35pm	Point of care, home specimen and other new approaches to getting STI tests done Dr Rebecca Guy, Senior Lecturer, Sexual Health Program, The Kirby Institute, Sydney, NSW, Australia
12.55pm-1.15pm	Clinical Performance of Molecular Diagnostic Assays for Detection of Cervical Cancer Associate Professor, Jennifer S. Smith, Research Associate Professor, Department of Epidemiology, University of North Carolina, Chapel Hill, North Carolina, USA	12.35pm-12.50pm	Molecular techniques utilized to answer STI questions Associate Professor Sepehr Tabrizi, The Royal Women's Hospital, Melbourne, Vic, Australia
		12.50pm-1.05pm	Approaches to preventing anal cancer Professor Andrew Grulich, Professor and Head of HIV Epidemiology and Prevention Program The Kirby Institute, Sydney, NSW, Australia
		1.05pm-1.15pm	Panel Discussion and questions led by Chief Investigators
1.30pm-3.00pm	Proffered Paper Session: Bacterial vaginosis and gonorrhoea Room: Plenary 3 Chairs: Catriona Bradshaw and Somesh Gupta	1.30pm-3.00pm	Proffered Paper Session: New testing strategies, from lab to the real world Room: 219 and 220 Chairs: Sepehr Tabrizi and Keith Radcliffe
			1.30pm-3.00pm
			Proffered Paper Session: Addressing sexual risk and STI among men who have sex with men Room: 212 Chairs: Anna McNulty and Immy Ahmed-Jushuf
1.30pm-1.48pm	Lactic acid, a natural microbicide in the female genital tract Muriel Aldunate (Australia)	1.30pm-1.45pm	Laboratory evaluation of five point of care tests for the diagnosis of syphilis Louise Causer (Australia)
1.48pm-2.06pm	A pilot study to propose disk diffusion interpretation breakpoints for gentamicin susceptibility testing of neisseria gonorrhoeae Manju Bala (India)	1.45pm-2.00pm	An overview of successful large scale automated case detection: Assisting public health with the identification of reportable conditions Judy Gichoya (Kenya)
2.06pm-2.24pm	Behavioural and contraceptive factors associated with BV recurrence in participants enrolled in a randomized controlled trial Lenka Vodstrcil (Australia)	2.00pm-2.15pm	Point of care testing improves accuracy of STI care in an ED Jill Huppert (USA)
2.24pm-2.42pm	Clinical study demonstrates efficacy and safety of spl7013 gel (vivagel®) for the treatment of bacterial vaginosis Jeremy Paull (Australia)	2.15pm-2.30pm	Targeted community screen, routine health centre testing or both: An evaluation of strategies in an endemic setting Bronwyn Silver (Australia)
			1.30pm-3.00pm
			Incidence of syphilis reinfection in MSM in Victoria, Australia Jane Goller (Australia)
			Increases in the comprehensiveness of STI testing among gay men in Melbourne and Sydney: Findings from the gay community periodic surveys, 2003-2011 Martin Holt (Australia)
			Factors related to condom use during anal intercourse with casual partners among younger gay and bisexual men in New Zealand; results from national sociobehavioural surveillance (2006-2011) Nathan Lachowsky (Canada)
			Queer as f**k: Reaching and engaging gay men in sexual health promotion through social networking sites Mark Stooove (Australia)

MONDAY 15 OCTOBER

2.42pm– 3.00pm	Rethinking gonococcal anti-microbial surveillance in the era of Ceftriaxone resistance: PCR-based detection of neisseria gonorrhoeae strains of public health importance David Whiley (Australia)	2.30pm– 2.45pm	Analytical performance of Genexpert® CT/NG, the first real-time PCR point-of-care assay for the detection of chlamydia trachomatis and neisseria gonorrhoeae Sepehr Tabrizi (Australia)	2.30pm– 2.45pm	What factors are associated with azithromycin resistant treponema pallidum in Sydney, Australia? Phillip Read (Australia)
		2.45pm– 3.00pm	Detection of Syphilis IgM using dried blood spots Joy Liu (Australia)	2.45pm– 3.00pm	Do homosexual men have HIV tests more frequently if they are offered point of care HIV testing in a clinic? A randomised controlled trial Tim Read (Australia)
3.00pm– 3.30pm	Afternoon Tea in Exhibition and Poster Area Exhibition Hall, Bays 13 - 14				
3.30pm– 5.00pm	Symposium Session: Adolescent Vaccines	3.30pm– 5.00pm	Symposium Session: Sexual networks, behaviour and mixing and STI transmission	3.30pm– 5.00pm	IUSTI Regions Symposium Session: Hot topics from around the world
	Room: Plenary 3 Chairs: Anthony Cunningham and Rachel Skinner		Room: 219 and 220 Chairs: Sevgi Aral and Jane Hocking		Room: 212 Chairs: Keith Radcliffe and Yaw Adu Sarkodie
3.30pm– 3.52pm	Immunisation for sexually acquired herpes simplex virus Professor Anthony Cunningham, Executive Director, Westmead Millennium Institute for Medical Research, Westmead, NSW, Australia	3.30pm– 3.40pm	Overview: Sexual networks, Behavior and mixing and STI transmission Professor Sevgi Aral, Clinical Professor, University of Washington School of Medicine, Associate Director for Science, Division of STD Prevention, Centers for Disease Control and Prevention (CDC), USA	3.30pm– 3.50pm	EPT: To Be or Not To BE? Professor Charlotte Gaydos, Professor, Division Infectious Disease Medicine, Johns Hopkins University, Baltimore, USA
3.52pm– 4.15pm	Exploiting Systems Immunology approach to design Prophylactic Vaccine for Human Cytomegalovirus Professor Anthony Cunningham, Executive Director, Westmead Millennium Institute for Medical Research, Westmead, NSW, Australia	3.40pm– 4.05pm	Distribution of MSM behaviours within populations and how this impacts on STI transmission Associate Professor David Wilson, Head of Surveillance and Evaluation Program, Kirby Institute, University of New South Wales, Sydney, NSW, Australia	3.50pm– 4.10pm	HIV Treatment as Prevention – How ready is Africa? Professor Yaw Adu Sarkodie, Professor of Clinical Microbiology, School of Medical Sciences, Kwame Nkrumah University of Science and Technology, Ghana; Consultant Clinical Microbiologist and Genitourinary Physician, Komfo Anokye Teaching Hospital, Kumasi, Ghana
4.15pm– 4.36pm	Vaccines for Epstein Barr Virus Professor Scott Burrows, Principle Research Fellow (NHMRC), Queensland Institute of Medical Research, Brisbane, QLD, Australia	4.05pm– 4.25pm	Modelling the impact of enhanced STI screening strategies in remote Indigenous communities Dr Ben Hui, Mathematical Modeler, Kirby Institute, Sydney, NSW, Australia	4.10pm– 4.20pm	Is your sexual health service delivering what patients want? Professor Jonathan Ross, Professor, Sexual Health and HIV, University Hospital Birmingham, Birmingham, UK
4.36pm– 5.00pm	Hepatitis B Vaccination in Adolescents Associate Professor Joseph Torresi, Infectious Diseases Physician, Austin Hospital, Heidelberg; Associate Professor of Medicine, University of Melbourne, VIC, Australia	4.25pm– 4.45pm	Sexual behaviour in heterosexual populations: implications for chlamydia control Professor Nicola Low, Professor of Epidemiology and Public Health, University of Bern, Institute of Social and Preventive Medicine, Bern, Switzerland	4.20pm– 4.40pm	Pre-exposure prophylaxis against HIV Dr Keith Radcliffe, Consultant, HIV and Sexual Health Medicine, University Hospital, Birmingham, UK; Regional Director of IUSTI Europe
		4.45pm– 5.00pm	Discussion	4.40pm– 5.00pm	Discussion

MONDAY 15 OCTOBER

**5.00pm–
5.30pm** IUSTI General Assembly - Room 212

**5.30pm–
7.30pm** Welcome Reception and Poster Viewing Evening [Drinks and Canapes to be served from 5.30pm]
Exhibition Hall, Bays 13- 14

TUESDAY 16 OCTOBER

7.00am	Registration		
7.00am–8.30am	Satellite Session: World Health Organization (WHO) Evidence to support elimination of mother-to-child transmission (MTCT) of syphilis		
	Room: 219 and 220 Chair: Nathalie Broutet		
7.00am–7.30am	Updated estimates of global syphilis in pregnant women and congenital syphilis Lori Newman (WHO, Switzerland)		
7.30am–8.00am	Health policy and elimination goal of MTCT of HIV and syphilis, the example of China Xiang-Sheng Chen (National Center for STD Control, China), Flora Wu (University College London, UK)		
8.00am–8.30am	Integration of syphilis into broader MCH service provision Mary Kamb (CDC, USA)		
8.30am–10.00am	13th IUSTI World Congress and 2012 Australasian Sexual Health Conference: Plenary 2		
	Room: Plenary 3, Door 4 Lower Ground Chairs: Angelika Stary and Basil Donovan		
8.30am–9.00am	Optimising the management of pelvic inflammatory disease Professor Jonathan Ross, Professor, Sexual Health and HIV, University Hospital Birmingham, Birmingham, UK		
9.00am–9.30am	HPV: The Future? 10 years from now Professor Suzanne Garland, Director of Microbiology & Infectious Diseases, The Royal Women's Hospital, Melbourne, VIC, Australia		
9.30am–10.00am	Multi-drug resistant gonorrhoea – can we hold back the tide? Professor David Lewis, IUSTI World President Elect and IUSTI Regional Director Africa, Head, Centre for HIV and Sexually Transmitted Infections, National Institute of Communicable Diseases, National Health Laboratory Service, South Africa		
10.00am–10.30am	Morning Tea in Exhibition and Poster Area Exhibition Hall, Bays 13 - 14		
10.30am–12.00pm	Symposium Session: Improved Partner Management	10.30am–12.00pm	Symposium Session: Chlamydia update – current microbiological issues
	Room: Plenary 3 Chairs: Yaw Adu Sarkodie and Marcus Chen		Room: 219 and 220 Chairs: Hunter Handsfield and Jane Hocking
10.30am–10.50am	Expedited Partner Therapy for Gonorrhea and Chlamydia Infection Professor Matthew Golden, Director, HIV/STD Program, UW Center for AIDS & STD, Harborview Medical Center, Seattle, USA	10.30am–10.50am	Should we worry about chlamydia treatment failure? Associate Professor Jane Hocking, University of Melbourne, VIC, Australia
10.50am–11.10am	Improving partner notification through the use of newer communication technologies Associate Professor Marcus Chen, Specialist, Melbourne Sexual Health Centre, Melbourne, VIC, Australia	10.50am–11.10am	Azithromycin treatment in Chlamydia infection – lessons from mouse models Professor Kenneth Beagley, Professor of Immunology and Deputy Director, Queensland University of Technology, QLD, Australia
		10.35am–11.20am	India: Sexualities and STI/HIV-a kaleidoscope of colours

TUESDAY 16 OCTOBER

11.10am– 11.30am	<p>Partner Notification in Asia-Pacific - Results from an Informal Survey Dr Yik Weng Yew, Registrar, National Skin Centre Singapore, Singapore</p>	11.10am– 11.30am	<p>Chlamydia serology – what can it tell us about chronic chlamydia infection/upper genital infection? Dr Kelly Cunningham, Post-doctoral Research-associate, Institute of Health and Biomedical Innovation, Queensland University of Technology, Brisbane, QLD, Australia</p>	10.35am– 10.45am 10.45am– 10.55am 10.55am– 11.05am 11.05am– 11.20am	<p>STI and HIV in India; Current scenario Associate Professor Somesh Gupta, Department of Dermatology and Venereology, All India Institute of Medical Sciences, New Delhi, India</p> <p>Risk Factors for STI and HIV in India Additional Professor Sunil Sethi, STD and TB division; Vice Chair, IUSTI Asia Pacific, South Asia Subregion Department of Medical Microbiology, PGIMER, Chandigarh, India</p> <p>India’s response to HIV and STI epidemic; A success story Professor Kaushal Verma, Department of Dermatology and Venereology, All India Institute of Medical Sciences, New Delhi, India</p> <p>Discussion</p>
11.30am– 11.50am	<p>Future research for improving partner notification in high-, middle- and low-resource countries Dr Marc Steben, Medical Advisor, STI unit, Québec National Public Health Institute, Montréal, Qc, Canada</p>	11.30am– 11.50am	<p>Chlamydia vaccines – what can we hope for? Professor Kenneth Beagley, Professor of Immunology and Deputy Director, Queensland University of Technology, QLD, Australia</p>	11.20am– 12.00pm	<p>Papua New Guinea: STI/HIV: Facts, Figures, and Plans from a Pacific neighbour</p>
11.50am– 12.00pm	Discussion	11.50am– 12.00pm	Discussion	11.20am– 11.30am 11.30am– 11.40am 11.40am– 11.50am 11.50am– 12.00pm	<p>The Papua New Guinea HIV epidemic Dr John Millan, President, Papua New Guinea Sexual Health Society, Papua New Guinea</p> <p>Challenges in using point of care syphilis rapid tests in a yaws endemic area Dr Gregory J. Law, Adviser, Sexual Health, STIs & HIV Disease Control Branch, National Department of Health, Papua New Guinea</p> <p>Human papillomavirus and cervical cancer in Papua New Guinea Dr Andrew Vallely, Associate Professor, Public Health Interventions Research Group, The Kirby Institute, University of New South Wales, Sydney, Australia and Deputy Director (Science), and Head, Sexual & Reproductive Health Unit (SRHU) Papua New Guinea Institute of Medical Research (PNG IMR), Goroka, Papua New Guinea</p> <p>Discussion</p>

TUESDAY 16 OCTOBER

12.00pm–1.00pm	Lunch in Exhibition and Poster Area Exhibition Hall, Bays 13 - 14		
12.00pm–1.30pm	Chapter Committee Meeting Hospitality Suites, Exhibition Hall Bays 13-14, Room 4.201 - 4.203		
12.15pm–1.15pm	Satellite Session: Sekisui Diagnostics: Benefits of Point of care STI tests; the <i>Trichomonas</i> example Room: 219 and 220 Chair: David Whiley	12.15pm - 1.15pm	Crossing the great divide – urban to remote: The sexual health of Australia's first peoples Room: 212 Chairs: James Ward and Mark Saunders
12.15pm–1.15pm	Benefits of Point of care STI tests; the <i>Trichomonas</i> example Associate Professor Jill S Huppert, MD, MPH, Associate Professor of Gynecology and Pediatrics, Cincinnati Children's Hospital Medical Center, Cincinnati, Ohio, USA	12.15pm–12.25pm	Chlamydia testing and follow up in young people attending urban and regional Aboriginal Community Controlled Health Services Sid Williams and Mary Ellen Harrod
		12.25pm–12.35pm	Opportunities for chlamydia testing in four regional Aboriginal community controlled health services in New South Wales Simon Graham
		12.35pm–12.45pm	High levels of re-testing after chlamydia and gonorrhoea infection in remote aboriginal communities 2009 - 2011: Findings from the STRIVE trial Linda Garton
		12.45pm–12.55pm	High rates of chlamydia positivity in Aboriginal and Torres Strait Islander people attending Australasian sexual health services: The Australian collaboration for chlamydia enhanced sentinel surveillance (ACCESS) Catherine O'Connor
		12.55pm–1.05pm	Understanding sexual health risk: Serial population surveys of knowledge, attitudes and practices among young people in remote North Queensland (NQ) communities Patricia Fagan
		1.05pm–1.15pm	Discussion
1.30pm–3.00pm	Proffered Paper Session: HIV, HPV related neoplasia Room: Plenary 3 Chairs: Adrian Mindel and Tim Read	1.30pm–3.00pm	Proffered Paper Session: At risk populations from around the world Room: 219 and 220 Chairs: Xiang-sheng Chen and Anne Robertson
1.30pm–1.45pm	Before and after comparison of Human Papillomavirus (HPV) genotypes in Cervical Intraepithelial Neoplasia grade 3 (CIN3) lesions following the introduction of the national HPV vaccination program in Victoria, Australia Emma Callegari (Australia)	1.30pm–1.45pm	Factors affecting time trends in the prevalence of gonococcal and chlamydial infection among female sex workers (FSWS) in 24 districts of South India - a multilevel modeling analysis Pradeep Banandur (India)
		1.30pm–1.42pm	Home based chlamydia screening: a systematic review of strategies and outcomes Muhammad Jamil (Australia)
			Proffered Paper Session: Chlamydia, acceptable, automated, and at home Room: 212 Chairs: Chavalit Mangkalaviraj and Marian Pitts

TUESDAY 16 OCTOBER					
1.45pm–2.00pm	Psychological morbidity associated with anal cancer screening in homosexual men Richard Hillman (Australia)	1.45pm–2.00pm	The effect of comprehensive sexual education program on sexual health knowledge and sexual attitude among college students in Southwest China Xinli Chi (China)	1.42pm–1.54pm	Chlamydia infection and the risk of adverse obstetric outcomes Bette Liu (Australia)
2.00pm–2.15pm	Population based cohort study in a high HIV burden district of India shows higher rural incidence G Anil Kumar (India)	2.00pm–2.15pm	Does having a peer confidant influence young people in rural South Africa’s HIV related knowledge, perceptions and reported sexual behaviour? ‘well, my friend says’ Graeme Hoddinott (South Africa)	1.54pm–2.06pm	Are Australian General Practitioners and Practice Nurses Equipped for Increased Chlamydia Testing? Findings from ACCEPt Rebecca Lorch (Australia)
2.15pm–2.30pm	HIV and STIs among female sex workers in 12 Regions of Thailand, 2010 Niramom Punsuwan (Thailand)	2.15pm–2.30pm	Medical male circumcision: prevalence, knowledge and intentions in young Zulu men in rural Kwazulu Natal, South Africa John Imrie (South Africa)	2.06pm–2.18pm	Rapid determination of lymphogranuloma venereum serovars of chlamydia trachomatis by quantitative high resolution melt analysis (HRMA) Jimmy Twin (Australia)
2.30pm–2.45pm	Progression and spontaneous regression of high grade anal intraepithelial neoplasia in HIV infected and uninfected men Winnie Tong (Australia)	2.30pm–2.45pm	Geographic and temporal heterogeneity in HIV emergence and client solicitation among female sex workers in Pakistan Laura H Thompson (Canada)	2.18pm–2.30pm	Is this acceptable? High chlamydia prevalence among young men in Australia results from the Australian chlamydia control effectiveness pilot (ACCEPt) Anna Yeung (Australia)
2.45pm–3.00pm	Tenofovir directly suppresses HIV 1 and HSV 2 in coinfecting cervico vaginal tissue ex-vivo Christophe Vanpouille (USA)	2.45pm–3.00pm	Understanding the link between STIs and infertility: perceived risk, perceived control, and knowledge among urban youth Maria Trent (USA)	2.30pm–2.42pm	Automated, computer generated reminders increase detection of gonorrhoea, chlamydia and syphilis in men who have sex with men Huachun Zou (Australia)
				2.42pm–2.54pm	Mycoplasma genitalium: Incidence in men presenting to a public sexual health clinic Tonia Mezzini (Australia)
3.00pm–3.30pm	Afternoon Tea in Exhibition and Poster Area Exhibition Hall				
3.30pm–5.00pm	Symposium Session: IUSTI Asia Pacific Session	3.30pm–5.00pm	Symposium Session: Typing and sequencing methodologies: Public health relevance and advances in the field	3.30pm–5.00pm	Symposium Session: HPV
	Room: Plenary 3 Chairs: Wresti Indriatmi, Brian P Mulhall and Priya Sen		Room: 219 and 220 Chairs: Monica Lahra and David Lewis		Room: 212 Chairs: Basil Donovan and Suzanne Garland
3.30pm–4.20pm	China: STI control in the world’s most populous country	3.30pm–3.50pm	Typing of STI pathogens: What is the public health benefit? Professor Catherine Ison, Director, Sexually Transmitted Bacteria Reference Laboratory (STBRL), Health Protection Agency, London, England	3.30pm–3.50pm	Genital warts in young Australians: Past, present & future Dr Hammad Ali, Dr. Lecturer, PhD Candidate, The Kirby Institute, University of New South Wales, Sydney NSW, Australia

TUESDAY 16 OCTOBER

3.30pm– 3.40pm	China: Barriers to STI control in the world’s most populous country Professor Xiang-Sheng Chen, Professor and Vice-Director, National Center for STD Control, Nanjing, China	3.50pm– 4.10pm	Advances in molecular typing of <i>Neisseria gonorrhoeae</i> and <i>Chlamydia trachomatis</i> isolates Professor Jo-Anne Dillon, Professor and Research Scientist, Department of Biology and Vaccine and Infectious Disease Organization, International Vaccine Center (VIDO-InterVac), University of Saskatchewan, Saskatoon, SK, Canada	3.50pm– 4.10pm	Optimizing Cervical Screening in the Context of HPV Vaccination Associate Professor Marion Saville, Executive Director, Victorian Cytology Service Inc, Melbourne, VIC, Australia
3.40pm– 3.50pm	Barriers to STI clinical services for MSM in South China: A health service investigation Dr Li-Gang Yang, STD Control Department Director, Guangdong Provincial Center for STI & Skin Diseases Control, Guangzhou, China				
3.50pm– 4.05pm	Technical Assistance for STI Control: Time for a re-think? Dr Graham Neilsen, Advisor on Sexual Health and Development, RTI International, Pathumwan, Bangkok, Thailand	4.10pm– 4.30pm	What can we learn about Chlamydia trachomatis from whole genome sequencing: looking at the interrelationships of ocular and genital serovars at the Genome Level Professor Nicholas Thomson, Senior Scientist Pathogen Genomics, The Wellcome Trust Sanger Institute, Wellcome Trust Genome Campus, Cambridge, England	4.10pm– 4.30pm	Oropharyngeal cancer and the role of HPV Associate Professor Jane Hocking, University of Melbourne, VIC, Australia
4.05pm– 4.20pm	Drugs, sex and harm reduction in the Asia Pacific Region Professor Robert Power, Senior Principal Fellow, Burnet Institute, Melbourne, VIC, Australia	4.30pm– 5.00pm	Discussion	4.30pm– 5.00pm	Discussion
4.30pm– 5.30pm	IUSTI Asia Pacific AGM Exhibition Hall Bays 13-14, Hospitality Suites, HS4.201 - HS4.203				
5.00pm– 6.00pm	Chapter Annual Meeting Room 212 Drinks and canapes to be served				
5.30pm– 7.30pm	Satellite Session: World Health Organization (WHO) Antimicrobial resistance in <i>Neisseria gonorrhoeae</i> – mitigating the consequences of untreatable gonorrhoea Room: 219 and 220 Chairs: Manjula Lusti-Narasimhan and Amina Hançali				
6.00pm– 6.15pm	Resistance patterns to third-generation cephalosporins: update of the situation in Europe Magnus Unemo (Sweden)				
6.15pm– 6.30pm	Resistance patterns to third-generation cephalosporins in Africa David Lewis (South Africa)				
6.30pm– 6.45pm	Resistance patterns to third-generation cephalosporins in the Asia-Pacific Region Monica Lahra (Australia)				
6.45pm– 7.00pm	Resistance patterns to third-generation cephalosporins in the Americas Ron Ballard (CDC-USA)				

TUESDAY 16 OCTOBER

7.00pm– 7.10pm	Breaking the chain of transmission to combat antimicrobial resistance in <i>Neisseria gonorrhoeae</i> Francis Ndowa, WHO Consultant
7.10pm– 7.30pm	Panel Discussion: WHO gonococcal antimicrobial susceptibility surveillance programme (GASP) Jo-Anne Dillon (Canada), Magnus Unemo (Sweden), Manju Bala (India), Monica Lahra (Australia)

WEDNESDAY 17 OCTOBER

7.00am	Registration Melbourne Convention Centre, Foyer Plenary 3		
7.00am–8.30am	Penelope Lowe Trainee Update Breakfast Room: 212 Chair: Dr Carole Khaw, Dr Ian Denham, Dr Lewis Marshall and Dr Sunita Azariah	7.00am–8.25am	Satellite Session: MSD: HIV and The Brain Room: 219 and 220 Chair: Bruce Brew
7.00am–7.15am	Arrivals and Breakfast	7.00am–7.10am	Arrivals and Breakfast
7.15am–7.20am	Chair Introduction Dr Carole Khaw	7.10am–7.15am	Chair introduction Professor Bruce Brew
7.20am–7.35am	Sex or drugs: What's going to kill you first? A case study of harm minimisation Dr Janet Towns, Forensic Physician, Victorian Institute of Forensic Medicine; Family Planning Australia, VIC, Australia	7.15am–7.25am	Case presentation Dr Nenad Macesic
7.35am–7.50am	Delayed diagnosis of secondary syphilis: Two biopsies and three organs Dr Rohan Bopage, Infectious Diseases and Sexual Health Registrar, Prince of Wales Hospital, Sydney, NSW, Australia	7.25am–7.50am	HIV and the Brain: Clinical features from go to whoa Dr Edwina Wright
7.50am–8.05am	Trichoniasis vaginalis in a prepubescent child with no disclosure of sexual assault – case presentation and literature review Dr Jennifer Hayward, Registrar, Wellington Sexual Health Service, Wellington, New Zealand	7.50am–8.15am	HIV and the Brain: Implications for cure strategies Professor Sharon Lewin
8.05am–8.20am	Anal cancer in HIV positive MSMs: It's time to restart the conversation Dr Jason Ong, PhD Candidate, Prahran Market Clinic, Melbourne Sexual Health Centre, Melbourne, VIC, Australia	8.15am–8.25am	Q&A
8.20am–8.30am	Discussion		

Australasian Sexual Health and HIV Nurses Association (ASHHNA) Breakfast Annual General Meeting

Room: 214
Chair: Donna Tilley

Nursing in Remote Aboriginal Communities: Successes and challenges coordinating a comprehensive sexual health program

Ms Annie Tangey, Coordinator Sexual Health Programme, Ngaanyatjarra Health Service

Make way to conference opening plenary in Plenary 3 using Door 15 and 16 from Level One

WEDNESDAY 17 OCTOBER

8.30am–10.10am	HIV/AIDS Conference Opening and Joint Conference Plenary - sponsored by the Department of Health and Ageing Feasibility of HIV Prevention and Cure		
	Room: Plenary 3, Door 4 on Lower Ground Chairs: Damian Purcell and Prasada Rao V.R. Jonnalagadda		
8.30am–8.35am	Welcome to Country Colin Hunter, Wurundjeri Tribe Council		
8.35am–8.40am	Opening address by Government Official Hon David Davis, Minister of Health, Victoria		
8.40am–8.45am	ACTION on HIV!- The Melbourne Declaration		
8.45am–8.50am	The value of being seen and heard Ji Wallace, Silver medalist Olympic Games Sydney 2000		
8.50am–9.10am	An approach to vaccines for highly variable pathogens Professor Dennis Burton, Department of Immunology and Microbiology, The Scripps Research Institute, USA		
9.10am–9.30am	The Global Fund: Presence and impact in the Asia-Pacific Bill Bowtell AO, Executive Director, Pacific Friends of the Global Fund to fight AIDS, Tuberculosis and Malaria, NSW, Australia		
9.30am–9.50am	The new era of HIV treatment as prevention: Will behavior trump biology? Professor Seth C. Kalichman, Professor of Psychology, University of Connecticut, USA		
9.50am–10.10am	Prospects for an HIV cure Dr Steven G. Deeks, MD, Professor of Medicine, University of California, San Francisco, USA		
	Billum Project Damian Purcell		
10.10am–11.00am	Morning Tea in Exhibition and Poster Area Exhibition Hall, Bays 13 - 14		
10.15am–10.45am	The Kirby Institute and NCHSR Surveillance Reports Launch Room 219 and 220		
10.30am–10.45am	Advocacy Corner Discussion - Exhibition Hall Ryan Snaith, Kenya Aid		
11.00am–12.30pm	11.00am–12.30pm	11.00am–12.30pm	11.00am–12.30pm
Joint Symposium Session: Anal Cancer	Joint Symposium Session: HIV in Indonesia	Joint Symposium Session: HIV in Indonesia	HIV/AIDS Conference - Basic Science Session On the path to translation: ACH2 Studies Sponsored by ACH2
Room: Plenary 3 Chairs: Angela Robinson and Christopher Fairley	Room: 219 and 220 Chairs: Yanri Subronto and Stephen McNally	Room: 219 and 220 Chairs: Yanri Subronto and Stephen McNally	Room: 212 Chairs: Anthony Cunningham and Paul Cameron
11.00am–11.20am	11.00am–11.20am	11.00am–11.20am	11.00am–11.15am
Place of screening using cytology and HRA Professor Joel Palefsky, Professor of Medicine, Division of Infectious Diseases, University of California, San Francisco, USA	Children are the future: Desire of parenthood among HIV-positive people in West Java Mr Irwan Hidayana, Center of Gender and Sexuality Studies, University of Indonesia	Children are the future: Desire of parenthood among HIV-positive people in West Java Mr Irwan Hidayana, Center of Gender and Sexuality Studies, University of Indonesia	Development of Nuclear import inhibitors as anti-HIV agents Kylie Wagstaff

WEDNESDAY 17 OCTOBER

11.20am– 11.40am	Epidemiology of anal HPV, pre-cancerous lesions, and cancer: Implications for anal cancer screening Professor Andrew Grulich, Head, HIV Epidemiology and Prevention Program, The Kirby Institute, The University of New South Wales, NSW, Australia	11.20am– 11.40am	Men and Place: Preliminary results from the first large scale social network study of Indonesian gay, bisexual and MSM engagement with social and sexual sites Dr Jeffrey Grierson, Senior Research Fellow, Charles La Trobe Fellow (Male to Male Sexual Practice in the Asia/Pacific Region), Australian Research Centre in Sex, Health & Society, La Trobe University, Melbourne, VIC, Australia	11.15am– 11.30am	A mutant Tat protein provides strong protection from HIV-1 infection in human CD4+ T cells David Harrich
11.40am– 12.00pm	Screening HIV positive homosexual men with annual anal examinations for detection of early anal cancer Dr Tim Read, Sexual health physician, Melbourne Sexual Health Centre; Victorian Infectious Diseases Service, Melbourne, VIC, Australia	11.40am– 12.00pm	STI/HIV knowledge, attitudes and behavior: Evidence from the 2010 transition to adulthood survey of Greater Jakarta Dr Iwu Utomo, Australian National University, Canberra, ACT, Australia	11.30am– 11.45am	Reduced effectiveness of the NRTIs D4T and AZT in Astrocytes: Implications for Neurocart Lachlan Gray
12.00pm– 12.20pm	Should we be screening for anal cancer? Issues to consider Associate Professor Jane Hocking, University of Melbourne, VIC, Australia	12.00pm– 12.20pm	Provision of friendly and convenience MSM Clinic in Bali; A ground breakthrough in an effort to expanding access to STI and HIV testing and treatment for MSM community in Bali Dr Yogi Prasetya, Medical Doctor, Bailmedika, Indonesia	11.45am– 12.00pm	Expression of HIV-1 TAT by an internal ribosome entry mechanism reveals a novel pathway for TAT trans-activation from latent provirus Jonathan Jacobson
12.20pm– 12.30pm	Panel Discussion Joel Palefsky, Andrew Grulich, Tim Read, Jane Hocking and Phillip Keen (NAPWA).	12.20pm– 12.30pm	Discussion	12.00pm– 12.15pm	Determining the mechanism by which HIV blocks interferon induction in dendritic cells Andrew Harman
				12.15pm– 12.30pm	Mucosal uptake mechanisms of recombinant HIV-1 fowl poxvirus vaccines and safety following intranasal delivery Shubhanshi Trivedi
12.30pm– 1.30pm	Lunch in Exhibition and Poster Area Exhibition Hall, Bays 13 - 14				
1.00pm– 1.45pm	ASHM AGM Room 212				
1.00pm– 1.45pm	Advocacy Corner Discussion - Exhibition Hall Scarlet Alliance, Australian Sex Workers Association: Mandatory testing, titled, Mandatory Testing: Evidence demonstrates failure				
1.00pm– 1.45pm	Embracing innovative technology to improve the health of Aboriginal and Torres Strait Islander people Room: Plenary 3, Door 4 Lower Ground Chairs: Robert Monaghan and Victor Tawil				
1.00pm– 1.15pm	Developing multimedia resources in collaboration with young Aboriginal people to improve sexual health in remote and urban Australia Mr Michael Borenstein, Centre For Disease Control, Sexual Health and Blood Borne Virus Unit, Darwin, NT, Australia				
1.15pm– 1.30pm	Smart and Deadly! Community ownership, collaboration, and cultural respect for effective Aboriginal sexual health promotion Ms Kylie Stephens, Centre for Excellence in Rural Sexual Health, The University of Melbourne, Melbourne, VIC, Australia and Mr Peter Waples-Crowe, VACCHO, VIC, Australia				

WEDNESDAY 17 OCTOBER

1.30pm-1.45pm	The NSW Aboriginal Sexual and Reproductive Health Program: Engaging Youth through Innovation Ms Dina Saulo, Aboriginal Health and Medical Research Council, NSW, Australia				
2.00pm-3.30pm	Joint Symposium Session: STI Management in Indigenous Communities Room: Plenary 3 Chairs: Nathan Ryder and James Ward	2.00pm-3.30pm	Joint Symposium Session: Financing the HIV Response in the Region Room: 219 and 220 Chairs: Edward Reis and Heather Worth	2.00pm-3.30pm	HIV/AIDS Conference - Theme A Symposia: Correlates of protection and a vaccine design Room: 212 Chairs: Damian Purcell and Rob Center
2.00pm-2.15pm	An outbreak of infectious syphilis amongst young Aboriginal and Torres Strait Islander people in Far North West Queensland Dr Arun Menon, Townsville Sexual Health Service, Queensland Health, QLD, Australia	2.00pm-2.10pm	HIV in Asia – Transforming the agenda for 2012 and beyond. Report of a joint strategic assessment in ten countries. June 2012 Jackie Mundy, AusAID Health Resource Facility (HRF)	2.00pm-2.30pm	Neutralizing targets on HIV Professor Dennis Burton, Department of Immunology and Microbiology, The Scripps Research Institute, USA
2.15pm-2.30pm	Chlamydia trachomatis, neisseria gonorrhoea and trichomonas vaginalis incidence in remote Australian Aboriginal communities: Findings from the STRIVE Trial Ms Bronwyn Silver, Menzies School of Health Research, NT, Australia	2.10pm-3.30pm	Moderated Panel Discussion Prasada Rao V.R. Jonnalagadda, UN Secretary General's Special Envoy for AIDS in the Asia Pacific Region Narciso Fernandes, National HIV/AIDS Program Manager, CDC Department, Ministry of Health, Timor Leste David Fowler, Special Projects Officer, Australasian Society for HIV Medicine, NSW, Australia	2.30pm-3.00pm	Protection from HIV: Potential role of antibody-dependent cellular cytotoxicity (ADCC) antibodies in protective immunity Professor Stephen Kent, Department of Microbiology and Immunology, University of Melbourne, VIC, Australia
2.30pm-2.45pm	Measuring the impact of STI and HIV control strategies: Experiences from remote communities Professor John Kaldor, The Kirby Institute, NSW, Australia			3.00pm-3.30pm	Promising HIV-1 vaccine strategies to enhance mucosal immunity and CD8 T cell avidity Dr Charani Rangasinghe, Fellow and Group Leader, Molecular Mucosal Vaccine Immunology Group, The John Curtin School of Medical Research, Australian National University, ACT, Australia
2.45pm-3.00pm	Point-of-care tests for chlamydia and gonorrhoea infections in remote Aboriginal communities: The Test, Treat AND GO- the "TTANGO" Trial Dr Rebecca Guy, Senior Lecturer, The Kirby Institute, NSW, Australia				
3.00pm-3.15pm	The GOANNA Project: Condom use among young Aboriginal and Torres Strait Islander people Ms Dina Saulo, Aboriginal Health and Medical Research Council, NSW, Australia				
3.15pm-3.30pm	Discussion				
3.30pm-4.00pm	Afternoon Tea in Exhibition and Poster Area Exhibition Hall, Bays 13 - 14				
4.00pm-5.30pm	13th IUSTI World Congress and 2012 Australasian Sexual Health Conference Closing and Joint Conference Session Where to from Here? Room: Plenary 3 Chairs: Richard Hillman and David Lewis				
4.00pm-4.30pm	Indigenizing HIV Ms Marama Pala, Executive Director of INA (Māori, Indigenous & South Pacific) HIV/AIDS Foundation, New Zealand				

WEDNESDAY 17 OCTOBER

4.30pm– 5.10pm	Is an AIDS-Free Generation Feasible: Science vs. Reality Professor Thomas Quinn, Professor of Medicine and Director, Center for Global Health, Johns Hopkins University Associate Director of International Research, and Head of the Section on International HIV/STD Research, NIAID, NIH, USA
5.10pm– 5.20pm	Prize Presentations and Closing Remarks Professor Richard Hillman, President, Australasian Chapter of Sexual Health Medicine, Sydney, NSW, Australia
5.20pm– 5.25pm	Closing Remarks by IUSTI President Dr Raj Patel, President- IUSTI, Genito Urinary Medicine, The Royal South Hants Hospital, England
5.25pm– 5.30pm	Presentation of next years' conference Dr Nathan Ryder, 2013 Australasian Sexual Health Conference Committee Local Representative
5.30pm– 6.30pm	HIV/AIDS Conference Welcome Reception and Poster Viewing Evening Exhibition Hall, Bays 13 - 14 Drinks and canapes will be served
7.00pm– 11.30pm	IUSTI and Sexual Health Conference Gala Dinner - Peninsula Docklands

THURSDAY 18 OCTOBER

7.00am	Registration, Foyer Plenary 3
7.00am– 8.25am	Satellite Session - Gilead Examining the unique doctor patient relationship in HIV medicine Room: 219 and 220 Chair: Darren Russell
7.00am– 7.15am	Breakfast served
7.15am– 7.20am	Welcome and Introduction Professor Darren Russell
7.20am– 7.35am	Summary of Tracking Changes research Dr Jeffrey Grierson
7.35am– 7.50am	What's working and what needs to change? A physicians perspective Dr Edwina Wright
7.50am– 8.05am	What's working and what needs to change? A community perspective Mr Simon O'Connor
8.05am– 8.25am	What's working and what needs to change? Panel and Audience discussion
8.30am– 10.05am	HIV/AIDS Conference Plenary Factors in Viral Control Room: Plenary 3, Door 4 Lower Ground Chairs: Joe Sasadeusz and Paul Cameron
8.30am– 9.00am	Towards a cure for AIDS: A monkey-based perspective Dr Guido Silvestri, Professor of Pathology, Emory University and Chief, Division of Microbiology & Immunology, Yerkes National Primate Research Center, USA
9.00am– 9.30am	Where are we in HIV reduction among gay, bisexual, and other men who have sex with men? Professor D. Barry Adam, University Professor, Department of Sociology, Anthropology and Criminology, University of Windsor; and Senior Scientist and Director of Prevention Research, Ontario HIV Treatment Network, Canada
9.30am– 10.00am	HIV and HCV Coinfection: Breaking down the barriers Dr Gail Matthews, Clinical Academic, HIV/Infectious Diseases, St Vincent's Hospital; Senior Lecturer, Viral Hepatitis Clinical Research Program, Kirby Institute, NSW, Australia
10.00am– 10.05am	Announcement of the JRS Award recipients for the HIV Conference Dr Edwina Wright, President, Australasian Society for HIV Medicine
10.00am– 10.30am	Morning Tea in Exhibition and Poster Area Exhibition Hall, Bays 13- 14

THURSDAY 18 OCTOBER

10.30am-12.30pm	ARV Guidelines Session: Early antiretroviral treatment	10.30am-12.30pm	Theme D Proffered Paper Session: Positive Living Diversity	10.30am-12.30pm	Theme C Proffered Paper Session - Sponsored by AusAID: HIV in the Asia/Pacific Region	10.30am-12.30pm	Theme A Proffered Paper Session: Pathogenesis: Go to Woe	10.30am-12.30pm	Aboriginal and Torres Strait Islander Symposium
	Room: Plenary 3 Chairs: Jenny Hoy and Jeffrey Post		Room: 219 Chairs: Asha Persson and Gary Dowsett		Room: 220 Chairs: Agnes Gege and Stephen McNally		Room: 216 Chairs: Gilda Tachedjian and Bruce Brew		Room: 212 Chairs: John Kaldor and Robert Monaghan
10.30am-11.10am	HIV therapy: When to start Dr Steven G. Deeks, MD, Professor of Medicine, University of California, San Francisco	10.30am-10.50am	Understanding motivations of health and lifestyle choices in PLHIV: Qualitative data from the Healthmap project (#940) Karalyn McDonald	10.30am-10.45am	Community leader's attitudes toward male circumcision for HIV prevention in Papua New Guinea (#106) Lester Asugeni	10.30am-10.50am	T-cell immune responses and viral fitness as a pathway to HIV-1 vaccine development Thumbi Ndung'u, BVM, PhD Director, HIV Pathogenesis Programme; Associate Professor, HIV/AIDS Research DST/NRF; Chair in Systems Biology of HIV/AIDS, Howard Hughes Medical Institute; Early Career Scientist, Nelson R Mandela School of Medicine, University of KwaZulu-Natal, South Africa	10.30am-10.50am	Trends in newly diagnosed HIV Infection in the Aboriginal and Torres Strait Islander and Non-Indigenous populations, 1992 - 2010 James Ward, Head of Preventative Health, Baker IDI, Alice Springs, NT, Australia
		10.50am-11.10am	Using a participatory methodology to explore experiences of HIV treatments among PLHIV in the Pacific Islands (#884) Rebecca Kubunavanua	10.45am-11.00am	"Sympathy for my people": Socio-cultural and individual determinants for motivation of sexual health workers in Papua New Guinea and their implications for male circumcision as an HIV prevention strategy in Papua New Guinea (#575) Anna Tynan			10.50am-11.10am	Sexual Practices, drug use and HIV prevalence among indigenous and non-indigenous Australian gay and bisexual men Martin Holt, Senior Research Fellow, The University of New South Wales, NSW, Australia
		11.00am-11.15am	Concurrency of sexual partners and condom use of highway truck drivers in Papua New Guinea (#974) Holly Buchanan and Angelyn Amos	10.50am-11.05am	Impairment of the early IgG2 antibody response to pneumococcal polysaccharides in HIV patients is associated with B-cell activation (#895) Martyn French			11.10am-11.30am	Supporting BBV Prevention & Capacity Building in relation to Aboriginal People & Injecting Drug Use Annie Madden, Executive Officer, Australian Injecting & Illicit Drug Users League (AIVL), ACT, Australia

THURSDAY 18 OCTOBER

11.10am–11.50am	Early antiretroviral therapy: Modelling the potential impact on the Australian epidemic Associate Professor David Wilson, Head of Surveillance and Evaluation Program, Kirby Institute, University of New South Wales, Sydney, NSW, Australia	11.10am–11.30am	Political determinants of ART and PMTCT coverage (#686) Heather Worth	11.15am–11.30am	Predictors of unprotected anal intercourse with casual partners amongst men who have sex with men & transgender in Fiji (#984) Patrick Rawstorne	11.05am–11.20am	HIV RNA dynamics in plasma and cerebrospinal fluid in HIV patients from Durban South Africa who develop cryptococcosis-associated immune reconstitution inflammatory syndrome (C-IRIS) after initiation of combination anti-retroviral therapy (cART) (#943) Richard Kangethe		
		11.30am–11.50am	Infant feeding practice for HIV positive mothers (#661) Voletta Fiya	11.30am–11.45am	The perceptions of condom and its uses amongst two highlands communities (#277) Richard Nake Trumb	11.20am–11.35am	Critical role for monocytes in mediating HIV-specific antibody-dependent cellular cytotoxicity (#1034) Stephen Kent	11.30am–11.50am	It's all about relationships - Forming a partnership in chronic disease management no matter what it takes Marisa Giles, Midwest Public Health Physician, Northern and Remote Country Health Service, WA, Australia
11.50am–12.30pm	Case Presentations Dr Jeffrey Post Senior Specialist, Department of Infectious Diseases, Director of Physician Education, Prince of Wales Hospital; Visiting Specialist, Albion Street Centre; Conjoint Senior Lecturer, UNSW; NSW, Australia Panel Discussions: Dr Steve Deeks, Dr Alan Street, Professor Jenny Hoy and Bill Whittaker	11.50am–12.10pm	Living Positively: Lived experiences and intrapersonal issues of persons living with HIV/AIDS (PLWHA) in Delhi, India (#812) Sangeeta Sharma Dhaor	11.45am–12.00pm	Non-venue-based female sex workers in Chiang Mai, Thailand, reached through routine HIV surveillance for the first time, are a highly vulnerable hard-to-reach population at urgent need for targeted HIV interventions (#240) Suvimon Tanpradech	11.35am–11.50am	Primary HIV-1 infection (PHI) is associated with reduced CD4 counts in terminal ileum biopsies but not other gut biopsy sites (#734) John Zaunders		
						11.50am–12.05pm	The influence of HIV-1 infection on the miRNA profiles of monocytes (#988) Daniel Murray	11.50am–12.05pm	An escalating HIV epidemic in Aboriginal and Torres Strait Islander people is unlikely, but vigilance is required (#459) Richard Gray, The Kirby Institute, Sydney, NSW, Australia
		12.10pm–12.30pm	Discussion	12.00pm–12.15pm	Prevalence of HIV/STIs and associated factors among Men Who Have Sex With Men in An Giang, Vietnam (#1008) Duy Quang Pham	12.05pm–12.12pm	Comparable antiviral capacity but favorable exhaustion profile of CD8s from elite controllers compared to untreated progressors (#975) David Shasha	12.05pm–12.30pm	Discussion

THURSDAY 18 OCTOBER

				12.15pm-12.30pm	Discussion	12.13pm-12.20pm	HIV prematurely induces age-related changes to monocytes in young HIV+men (#846) Anna Hearps		
						12.21pm-12.28pm	High glycolytic metabolism in CD4+ T cells is associated with enhanced susceptibility to HIV-1 infection and apoptosis (#859) Clovis Palmer		
12.30pm-2.00pm	Lunch in Exhibition and Poster Area Exhibition Hall, Bays 13 - 14								
1.00pm-1.45pm	Masterclass - HIV Molecular Virology Room 212 Presenters: Lachlan Gray and Michael Roche, Burnet Institute, VIC, Australia								
1.00pm-1.45pm	Masterclass - Early Career Forum Room 216 Facilitator: Paul Cameron Presenters: Guido Silvestri, Yerkes National Primate Research Center, USA; Dennis Burton, The Scripps Research Institute, USA and Miranda Xhilaga, Prostate Cancer Foundation, VIC, Australia								
1.00pm-1.45pm	Masterclass - Clinical Research Workshop for Regional Practitioners: How to submit a successful abstract to the Melbourne 2014 World AIDS Conference Room 220 Panellists: Edwina Wright, Edward Reis, Christina Chang, Julian Elliott, John Milan and Kathy Petumenos								
1.00pm-1.45pm	Masterclass - HIV Community and Researchers Workshop: Getting it Together Room 219 Facilitator: Tim Moore, Nossal Institute, Melbourne University, VIC, Australia Presenters: Marama Pala, Executive Director, INA Foundation New Zealand; Martha Morrow, Nossal Institute, Melbourne University, VIC, Australia; Ele Morrison, AIVL, Canberra, ACT, Australia; Lee FitzRoy, RhED, Melbourne, VIC, Australia; and Stephen McNally, ARCSHS, La Trobe University, Melbourne, VIC, Australia								
1.00pm-1.45pm	Advocacy Corner Discussion - Exhibition Hall Community participants will take part in a discussion amongst conference attendees from the region, including Indonesia, Working with MSM and HIV								

THURSDAY 18 OCTOBER

2.00pm–3.30pm	Theme A Symposium in Honour of Nicholas Deacon: Genetics in HIV Disease and Control	2.00pm–3.30pm	Theme B Proffered Paper Session: Test, Treat and Switch	2.00pm–3.30pm	Theme C Proffered Paper Session in Honour of Liz Dax: New Approaches to HIV Testing	2.00pm–3.30pm	Theme D Proffered Paper Session: Culture, Practice and HIV	2.00pm–3.30pm	SPONSORED SATELLITE SYMPOSIUM - What can we learn from the HIV GP Workforce Project?
	Room: Plenary 3 Chairs: Guido Silvestri and Paul Cameron		Room: 219 Chairs: Jenny Hoy and Mark O'Reilly		Room: 220 Chairs: Colin Batrouney and Darryl O'Donnell		Room: 216 Chairs: Barry Adam and Sarah Huffam		Room: 212 Chair: Susan Kippax
2.00pm–2.30pm	Understanding immune dysregulation in HIV-1 infection: Lessons from cohort studies and clinical trials Professor Anthony Kelleher, Head, Immunovirology and Pathogenesis Program, The Kirby Institute, UNSW and St Vincent's Centre for Applied Medical Research, NSW, Australia	2.00pm–2.15pm	Switch Studies: The need for informed decision making around the risks and benefits Jenny Hoy	2.00pm–2.15pm	Patterns of HIV testing in Australia 2001 - 2010: A systematic review (#465) Melanie Middleton	2.00pm–2.15pm	'Risk' and 'Responsibility' in the narratives of women diagnosed with HIV (#51) Asha Persson	2.00pm–2.15pm	Why do GP workforce issues matter to the future of HIV in Australia? Professor Michael Kidd AM
		2.15pm–2.30pm	Switch from Tenofovir to Raltegravir improves low bone mineral density and markers of bone turnover over 48 weeks (#349) Winnie Tong	2.15pm–2.30pm	Midwifery perceptions of antenatal HIV testing and barriers to universal testing (#500) Phillip Read	2.15pm–2.30pm	Cultural beliefs, sex and pollution during pregnancy and breastfeeding: Implications for the prevention of HIV during these times (#616) Priscilla Selon Ofi	2.15pm–2.35pm	At the coalface and the cutting edge: Pathways into and rewards of providing HIV care in general practice Dr Christy Newman
2.30pm–3.00pm	Interleukin-7: Physiology, pathology and therapy in HIV infection Dr Marc Pellegrini, Laboratory Head, Infection and Immunity Division, Walter & Eliza Hall Institute, VIC, Australia	2.30pm–2.45pm	Operational performance of the determine HIV combo rapid test when used to test gay and bisexual men for HIV in Sydney sexual health clinics (#882) Damian Conway	2.30pm–2.45pm	New xpress HIV/STI screening clinic improves patient journey and clinic capacity at a large sexual health clinic (#715) Vickie Knight	2.30pm–2.45pm	What role can a Pacific television soap opera play in the HIV response? Challenging silences towards those most vulnerable (#89) Robyn Drysdale	2.35pm–2.55pm	No mainstream illness: How doctors working in general practice make sense of HIV and affected communities Dr Asha Persson
		2.45pm–3.00pm	Ethnic/racial and gender differences in bone, body composition and renal function in HIV-infected people from middle-income countries (#599) Hila Haskelberg	2.45pm–3.00pm	Which gay men would use home HIV testing? (#593) Ben Bavinton	2.45pm–3.00pm	Experiences of treatment among PLHIV in the Pacific Islands: A qualitative participatory study (#883) Luke Nayasa	2.55pm–3.15pm	Engaging general practitioners with HIV medicine in an era of treatment v's prevention Professor John De Wit

THURSDAY 18 OCTOBER

3.00pm– 3.30pm	Genetic studies illuminate the complex role of TNF in sensory neuropathy in HIV patients Professor Patricia Price, School of Pathology and Laboratory Medicine, University of Western Australia, WA, Australia	3.00pm– 3.15pm	Skeletal muscle toxicity associated with Raltegravir-based combination anti-retroviral therapy in HIV-infected adults (#292) Frederick Lee and Andrew Carr	3.00pm– 3.15pm	Rapid HIV testing is acceptable and preferred among gay men attending sexual health clinics: Findings from the Sydney rapid HIV test study (#856) Damian Conway	3.00pm– 3.15pm	Sexual Practices of Men with Refugee Backgrounds from the Horn of Africa in the Context of HIV/AIDS (#309) Samuel Muchoki	3.15pm– 3.30pm	Discussion and feedback: Where to from here?
		3.15pm– 3.30pm	Serological response, failure and seroreversion after treatment for infectious syphilis in people with HIV infection (#580) Jeffrey Post	3.15pm– 3.30pm	Discussion	3.15pm– 3.30pm	Discussion		
3.30pm– 4.00pm	Afternoon Tea in Exhibition and Poster Area Exhibition Hall Bays 13 - 14			3.30pm– 3.45pm	HIV Seroconversion Study Report 2012 Launch, Kirby Institute and ARCSHS Room 220 Darryl O'Donnell, NSW Health				
4.00pm– 5.30pm	Theme D Symposium: Role of Culture Room: Plenary 3 Chairs: Prasada Rao and Edward Reis	4.00pm– 5.30pm	Theme B Symposium: Living (even further) on the Edge Room: 219 Chairs: Olga Vujovic and Eugene Athan	4.00pm– 5.30pm	Theme C Proffered Paper Session: HIV Epidemiology Room: 220 Chairs: Jeff Jin and Mark Stooze	4.00pm– 5.30pm	Theme A Proffered Paper Session: Cellular Monkey Business Room: 216 Chairs: Charani Rangasinghe and Robert Center	4.00pm– 5.30pm	Theme B Proffered Paper Session: Heart and Mind Room: 212 Chairs: Lucette Cysique and Janine Trevyllian
4.00pm– 4.15pm	Everyday moral reasoning in the governmentality of HIV Professor D. Barry Adam, University Professor, Department of Sociology, Anthropology and Criminology, University of Windsor; and Senior Scientist and Director of Prevention Research, Ontario HIV Treatment Network, Canada	4.00pm– 4.15pm	Bridging the abyss Dr Lesley Voss, Paediatric Infectious Disease Consultant Starship children's Hospital Auckland, New Zealand	4.00pm– 4.15pm	A corner turned? Drop in HIV diagnoses and low rates of undiagnosed infection among MSM in New Zealand in 2011 (#415) Peter Saxton	4.00pm– 4.15pm	Characterisation of Simian Immunodeficiency Virus-infected cells in pigtail macaques (#223) Wendy Winall	4.00pm– 4.15pm	Changes in metabolic, inflammatory and coagulation biomarkers after HIV sero-conversion- the Health In Men (HIM) Biomarker sub-study (#832) Amit Achhra

THURSDAY 18 OCTOBER

4.15pm-4.30pm	The silencing of history and the silencing of sexuality: Challenges in doing oral histories of older gay men in China Associate Professor Heather Worth, University of New South Wales, NSW, Australia	4.15pm-4.30pm	Unpacking the baggage: HIV care in migrants to Australia Dr Chris Lemoh, Refugee Health Service (Dandenong Hospital), Southern Health; Department of Medicine, The University of Melbourne; Centre for Population Health, Burnet Institute, VIC, Australia	4.15pm-4.30pm	Trends in newly diagnosed HIV infection in Australia, 2000 - 2011 (#1036) Ann McDonald	4.15pm-4.30pm	Characterization of SIV Infection of T follicular helper CD4 cells in lymphoid tissues during pathogenic infection of pigtail macaques (#609) Yin Xu	4.15pm-4.30pm	Comparison of cardiovascular risk score algorithms and their association with subclinical atherosclerosis in HIV-positive and negative individuals (#693) Victoria Madigan
4.30pm-4.45pm	Prevention as hyperbole; Culture as concupiscence Professor Gary Dowsett, PhD, FASSA, Professor and Acting Director, Australian Research Centre in Sex, Health & Society, La Trobe University, Melbourne, VIC, Australia	4.30pm-4.45pm	The prevention and management of blood borne virus and sexually transmitted infections in young people Professor Margaret Hellard, Infectious diseases and public health physician, Burnet Institute, VIC, Australia	4.30pm-4.45pm	Heterosexual HIV Transmission Within Australia: The Role of Migrant Populations (#1006) Richard Gray	4.30pm-4.45pm	Re-characterizing Antigen Specific CD4+ T cells using the Ox40/CD25 assay and Single-cell RT-PCR (#588) Chansavath Phetsouphanh	4.30pm-4.45pm	Determinants of arterial stiffness and peripheral atherosclerosis in HIV positive men (#852) Saliya Hewagama
4.45pm-5.00pm	Research in cyberspace: Same, same or different? Dr Jennifer Power, Bouverie Centre, La Trobe University, Melbourne, VIC, Australia	4.45pm-5.00pm	The "psychiatrically ill" Dr Chris Kenedi	4.45pm-5.00pm	Inferring HIV incidence from CD4 at diagnosis: Filling the surveillance gap (#525) James Jansson	4.45pm-5.00pm	Myeloid dendritic cells and HIV latency in resting T-cells (#499) Nitasha Kumar	4.45pm-5.00pm	Effects on post-prandial lipids and arterial stiffness of Ritonavir-boosted Atazanavir versus Ritonavir-boosted Darunavir in HIV-uninfected adults (#293) Frederick Lee and Andrew Carr
5.00pm-5.30pm	Discussion	5.00pm-5.30pm	Discussion	5.00pm-5.30pm	Discussion	5.00pm-5.15pm	HIV-specific antibody dependent cellular cytotoxicity: Are we underestimating its potential? (#630) Ivan Stratov	5.00pm-5.15pm	Dynamics of cognitive change in HIV-infected individuals commencing three different initial antiretroviral regimens; A randomised, controlled study (#357) Rebekah Puls
						5.15pm-5.30pm	CD4+ T cell metabolic profile predicts immunological deterioration during chronic HIV-1 infection (#855) Clovis Palmer	5.15pm-5.30pm	

THURSDAY 18 OCTOBER

5.30pm–6.30pm	Poster Viewing Exhibition Hall Bays 13 - 14	
	Take this opportunity to view the posters quietly in your leisure	
5.30pm–7.15pm	Satellite Session: Janssen Event Encompassing HIV: Virtual Medical Clinic	5.30pm–7.15pm Representations of HIV and AIDS in the Arts and the Media in Australia Special session in honour of Dennis Altman and his long contribution to HIV
	Room: 216 Chair: Dick Quan	Room: 212 Chairs: Edwina Wright and Gary Dowsett; Discussant: Dennis Altman
5.30pm–6.00pm	Registration; Drinks and Canapes	5.45pm–5.50pm Thank you to Dennis Altman and his long contribution to HIV Dr Edwina Wright, ASHM President, VIC, Australia
6.00pm–6.05pm	Welcome from the Chair	5.50pm–5.55pm Introduction Professor Gary Dowsett, PhD, FASSA, Professor and Acting Director, Australian Research Centre in Sex, Health & Society, La Trobe University, Melbourne, VIC, Australia

10.30am	Exhibition Hall Bays 13 - 14								
10.30am–12.30pm	Theme C Symposium: Australia's response to HIV: Time for revolution or evolution?	10.30am–12.30pm	Theme B Proffered Paper Session: The Clinic: Should one size fit all?	10.30am–12.30pm	Theme D Proffered Paper Session: Managing risk in Asia and the Pacific	10.30am–12.30pm	Theme A Proffered Paper Session: HIV Transmission and Molecular Pathogenesis	10.30am–11.50am	Theme B Oral Poster Session: Modern Management of HIV
	Room: Plenary 3 Chairs: Edwina Wright and Peter Aggleton		Room: 219 Chairs: Arun Menon and Darren Russell		Room: 220 Chairs: Huang YingYing and Heather Worth		Room: 212 Chairs: Melissa Churchill and Anthony Kelleher		Room: 216 Chairs: Christina Chang and Roger Garsia
10.30am–10.45am	Developments in prevention science and opportunities for action in Australia's response	10.30am–10.45am	Perceptions of unmet needs of people living with HIV in Australia (#978)	10.30am–10.45am	Condom use during vaginal and anal intercourse amongst female sex workers in Port Moresby, Papua New Guinea (#316)	10.30am–10.45am	Phenotyping and immunogenicity of HIV-1 Env from MSM transmission strains (#1035)	10.30am–10.40am	Chair Introduction - Linkage of presentations to overall theme
	Professor, Andrew Grulich, Head and Professor, The Kirby Institute, NSW, Australia		Julian Elliott		Angela Kelly		Damian Purcell		Dr Roger Garsia, Clinical Immunologist and Head Division of Medicine, Royal Prince Alfred Hospital, Sydney, NSW, Australia

FRIDAY 19 OCTOBER

10.45am-11.00am	HIV in Australia - Revolution! Evolution! Disillusion? Bill Whittaker, NAPWA, NSW, Australia	10.45am-11.00am	Condom use in the general population of Papua New Guinea: Findings from selected sites in Papua New Guinea (#987) Geraldine Maibani-Michie	10.45am-11.00am	Better on-board: HIV prevention needs of women who sell sex to seafarers in Tarawa, Kiribati (#409) Karen McMillan	10.45am-11.00am	Neurotropic HIV-1 variants have alterations in their Env glycoproteins, which alter the way they engage both CD4 and CCR5 (#864) Hamid Salimi	10.40am-10.50am	Investigation of cellular markers linking Abacavir and cardio-vascular events. Gene expression profiles in STEAL participants (#967) Paul Cameron
11.00am-11.15am	Revolution or Evolution? Some reflections on treatment as prevention Colin Batrouney, Manager, Health Promotion, Program Victorian AIDS Council/Gay Men's Health Centre, VIC, Australia	11.00am-11.07am	Determinants of access to antiretroviral therapy and treatment outcomes for people living with HIV in Vietnam (#22) Dam Anh Tran	11.00am-11.15am	Harvat: Sex work involvement and associated occupational risks among selected transgender women in Cebu City, Philippines (#72) Raine N Cortes	11.00am-11.15am	Structural and functional analysis of the SPL7013 dendrimer action against HIV env (#378) Catherine Latham	10.50am-11.00am	An audit of cardio-vascular risk as predicted by HIV specific and non-specific risk equations in HIV infected men (#752) Julia Price
		11.08am-11.15am	Structural barriers to timely initiation of antiretroviral treatment in Vietnam: Findings from six outpatient clinics (#23) Dam Anh Tran					11.00am-11.10am	Complementary medicines use in HIV positive people: A national survey (#672) Alison Duncan and Catherine Forrester
11.15am-11.30am	Delivering the HIV-prevention revolution: Critical behavioral challenges and implications for health promotion Professor John DeWit, National Centre in National HIV Social Research, NSW, Australia	11.15am-11.30am	Uptake of antiretroviral treatment in Australia: S100 prescribers' perspective (#403) Limin Mao	11.15am-11.30am	Sex worker advocacy for inclusion in ethical social and behavioural research: "It is our right! Include and enable us to advocate against any activity that transports vulnerability and risk to our community" (#754) Leonor Angkis Lay	11.15am-11.30am	Elucidating unique molecular mechanisms involved in HIV subtype C pathogenicity (#749) Jacqueline Flynn	11.10am-11.20am	HIV treatments uptake among people living with HIV in Australia: Health promotion and policy responses to reduce barriers to treatments uptake (#714) Phillip Keen

FRIDAY 19 OCTOBER

11.30am-11.45am	Facilitating Australia's response to the 2011 UN Political Declaration on HIV/AIDS Ms Megan Morris, First Assistant Secretary, Office of Health Protection, Department of Health and Ageing, ACT, Australia	11.30am-11.45am	Scale-up of Provider-initiated HIV Testing and Counseling for Tuberculosis Patients in Ho Chi Minh City, Vietnam, 2006-2011 (#358) Le Hung Thai	11.30am-11.45am	Alcohol, drugs and HIV: Condom use when drunk or stoned and emerging injecting drug use in Papua New Guinea (#989) Holly Buchanan and Angelyn Amos	11.30am-11.45am	Evaluation of histone deacetylase inhibitors (HDACi) activity using patient-derived HIV long terminal repeat (LTR) sequences in cell lines: A novel method to screen for drugs that reverse latency (#911) Hao Lu	11.20am-11.30am	Including syphilis testing as part of standard HIV management checks in primary care can increase syphilis testing rates among gay men living with HIV in Sydney, Australia (#310) Denton Callander
11.45am-12.30pm	Panel Discussion	11.45am-12.00pm	Viral Load Outcomes after 12 Months Antiretroviral Therapy in Low to Middle Income Countries: A Systematic Review (#462) James McMahon	11.45am-12.00pm	Experiences of violence, coercion, emotional support and familial acceptance among MSM and transgender populations: Towards an effective and focused advocacy response in the prevention of HIV in Timor-Leste (#463) Hayden Jose	11.45am-12.00pm	The use of filopodial networks by HIV (#1043) Stuart Turville	11.30am-11.40am	Proviral DNA testing of HIV tropism in the maraviroc switch collaborative study (March) - Results of the quality assurance/ quality control (QA/QC) programme (#567) Elise Tu
		12.00pm-12.15pm	The significance of HIV 'blips' in diverse settings: Is it always the same? Analysis of the Treat Asia HIV Observational Database (TAHOD) and the Australian HIV Observational Database (AHOD) (#853) Rupa Kanapathipillai	12.00pm-12.30pm	Discussion	12.00pm-12.15pm	Overexpression of PRMT6 does not suppress HIV-1 Tat transactivation in cells naturally lacking PRMT6 (#1047) David Harrich	11.40am-11.50am	Assessing site performance in Encore1 study, a multinational clinical trial (#623) Carlo Dazo
		12.15pm-12.30pm	Ageing and long-term CD4 cell count trends in HIV-positive patients with 5 years or more combination antiretroviral therapy experience (#156) Stephen Wright		12.15pm-12.22pm	Dynamic regulation of IL-4 receptor (IL-4r) following viral infections and modulation of CD8+ T cell avidity (#1033) Danushka Wijesundara			
					12.23pm-12.30pm	GB virus C infection in HIV-positive Patients in Indonesia with and without HCV co-infection (#377) Nungki Anggorowati			

FRIDAY 19 OCTOBER

12.30pm– 2.00pm	Lunch in Exhibition and Poster Area Exhibition Hall, Bays 13 - 14								
12.45pm– 1.45pm	HIV Shared Care – who cares? Sponsored Satellite Session ASHM NSW Room 219								
12.45pm– 12.52pm	HIV Shared Care – Current challenges and opportunities Dr David Baker, GP HIV and HCV s100 prescriber, East Sydney Doctors, ASHM Clinical advisor, NSW, Australia								
12.52pm– 12.59pm	HIV Shared Care in WA – Diverse positive population Associate Professor David Nolan, Clinical Immunologist, Royal Perth Hospital, WA, Australia								
12.59pm– 1.06pm	HIV Shared Care in VIC Dr Olga Vujovic, ID Physician, Alfred Hospital - Infectious Disease Unit Incorporating the Victorian HIV Service, VIC, Australia								
1.06pm– 1.13pm	NSW – ‘HIV Shared Care Management Plan’ template - a pilot program Dr David Baker								
1.13pm– 1.20pm	National E Health Transition Authority (NEHTA) Dr Trina Gregory, GP HIV and HCV s100 prescriber, CPC Medical Centre, Port Macquarie, NSW, Australia								
1.20pm– 1.27pm	HealthMap, review and progress Dr Julian Elliot, Infectious diseases Physician, Melbourne, VIC, Australia								
1.27pm– 1.45pm	Panel Discussion Dr David Baker, A/Prof David Nolan, Dr Olga Vujovic, Dr Julian Eliot, Dr Trina Gregory, Lance Feeney {Positive Life NSW}								
1.00pm– 1.45pm	Masterclass - Immunology Science Workshop - Room 212 Chair: Martyn French. Presenters: John Zaunders - The Antibody Response to HIV infection and Sonia Fernandez - The effector immune response to viral infection								
1.00pm– 1.45pm	Advocacy Corner Discussions - Exhibition Hall James Gray, recently Youth Rapporteur at AIDS 2012 in Washington, will lead a discussion on young gay men, HIV and new responses in Australia								
2.00pm– 3.30pm	Cure Symposium Supported by an unrestricted educational grant from Gilead Room: Plenary 3 Chairs: Sharon Lewin and Françoise Barre-Sinoussi	2.00pm– 3.30pm	Theme B Symposium: Living Long-term with HIV - A critical look at the evidence regarding pathogenesis, clinical features and management Room: 219 Chairs: Edwina Wright and Roger Garsia	2.00pm– 3.30pm	Theme C Proffered Paper Session: Antiretroviral-based Prevention Room: 220 Chairs: Levinia Crooks and Mark Stooove	2.00pm– 3.30pm	Theme D Proffered Paper Session: Men, Sex and Risks Room: 212 Chairs: Narcisco Fernandes and Victor Tawil	2.00pm– 3.30pm	Theme B Oral Poster Session: HIV Information in the Digital Age Room: 216 Chairs: James McMahon and John Milan
2.00pm– 2.20pm	Selecting potential HIV eradication agents for clinical testing Romas Geleziunas, Director of Clinical Virology at Gilead Sciences, USA	2.00pm– 2.15pm	Navigating the evidence in HIV and Ageing Dr Julien Elliot, Infectious Diseases Physician, Melbourne, VIC, Australia	2.00pm– 2.15pm	The emerging use of HIV antiretroviral medications as pre-exposure prophylaxis of HIV (PrEP) among gay men in Australia (#576) Iryna Zablotska- Manos	2.00pm– 2.15pm	What have we learned from PASH 3 years on (#601) Garrett Prestage	2.00pm– 2.10pm	Chair Introduction - Linkage of presentations to overall theme Dr James McMahon, Physician, Alfred Hospital, Melbourne, VIC, Australia

FRIDAY 19 OCTOBER

2.20pm-2.40pm	Clinical trials for HIV cure: What's being done and what challenges lie ahead Professor Sharon Lewin, The Alfred, Monash University and the Burnet Institute, Melbourne, VIC, Australia	2.15pm-2.30pm	Renal dysfunction after HIV suppression Dr Steve Holt, Monash University, Melbourne, VIC, Australia	2.15pm-2.30pm	Impact of treatment based HIV interventions in NSW (#1007) Richard Gray	2.15pm-2.30pm	'Full Service': Reading male sex work into gay men's health promotion (#656) Cameron Cox	2.10pm-2.20pm	Introducing concepts of HIV risk reduction into the clinical setting: Techniques and challenges (#646) Azizul Haque Mahee
